

Joseph C. Feigel Field - Bogota, NJ

CONTINUOUS ANGLE FRAME Bleachers

Wild Horse Pass Arena - Chandler, AZ

Schertz-Cibolo ISD - Cibolo, TX

McLennan Community College - Waco, TX

Standard or Custom Solutions

Designed for installation on flat and level surfaces, standard Angle Frame Bleachers are offered in 5, 8, 10, 15 and 20 rows. Our standard designs can be custom engineered for your specific site and seating needs.

Accommodates Expansion

As your facility and seating requirements increase, this type of bleacher system provides the flexibility of adding additional seats to continually meet the demand.

Versatility

Can be customized to accommodate various seating options including benches with straight backs, individual VIP chairs and armrest to designate exact seating for reserved areas.

An Economical Standard

For the ultimate in cost effective spectator seating, standard Angle Frame Bleachers provide the top quality features you expect, at a cost that will fit any budget for indoor and outdoor venues.

Recommended for:

Football	Baseball	Softball
Soccer	Lacrosse	Tennis
Track	Motorsports	Aquatic
Rodeo	Exposition	Ice Rink

Economical & versatile seating for all indoor and outdoor venues.

Structure

Our standard Angle Frame bleachers are built using a galvanized steel box frame construction that includes cross bracing and stringers spaced at 6 feet on center. Offered in both elevated or non-elevated applications and optional aluminum frame understructure.

Finish Applications

Standard features include anodized aluminum seating and risers, semi-closed or closed mill finished decks. Options include bench seating with straight backs or VIP chairs, press boxes, ramps, stairs or walkways.

Warranty

All Sturdisteel Products are warranted for five years beginning at date of substantial completion of project - free from defect in materials and workmanship in the course of manufacture. This warranty excludes any other defects resulting from abnormal use, accidental or intentional damage or any occurrences beyond manufacturer's control.

Gross Seating Capacities

Gross seating is based on 18" per seat and is the total seating area (total rows multiplied by seating area length, divided by 1.5"). Net seating is the gross seating, less the seating lost due to aisles and handicap spaces requirements, and will vary based on local building code requirements. Net Seating is approximately 85% of Gross Seating and is the actual seating capacity.

LENGTH	3 ROWS	4 ROWS	5 ROWS	8 ROWS	10 ROWS	15 ROWS
15'	30	40	50	80	100	150
