

Aluminum Seating on Concrete

Solutions for Concrete

Our aluminum extruded seating planks provide a quick, easy, and economical installation on new concrete structures, and an effective solution for expansion or renovation of existing facilities. With unmatched quality, durability, and low maintenance, Sturdisteel extruded aluminum planks ensure spectator comfort for all types of sporting events.

Whatever the occasion, aluminum bench seating offers a cost-effective way to maximize the number of seated viewers in a given space. Whether it's a stadium, arena, or recreational facility, our aluminum planks are perfect for enhancing the total viewing experience.

The Industry Standard

Sturdisteel is a recognized industry leader in spectator seating solutions since 1934. With thousands of installations across North America, our clients include some of the finest sports facilities in the world.

Warranty

All Sturdisteel Products are warranted for five years beginning at date of substantial completion of project - free from defect in materials and workmanship in the course of manufacture. This warranty excludes any other defects resulting from abnormal use, accidental or intentional damage or any occurrences beyond manufacturer's control
